9th Meeting Sociedad Española de Farmacogenética y Farmacogenómica

19th-22nd June 2018, Santiago de Compostela

Sociedad Española de Farmacología

SEFF GC

Invited societies:

1st Meeting in Translational Pharmacology

38th Spanish Society of Pharmacology meeting/9th Spanish Society of Pharmacogenetics and Pharmacogenomics meeting

(Provisional Program)

Tuesday June 19th 2018

	Registration Scientific dissemination workshop
15:00	"Communicating Science: Institutions, the Media and New Formats" Dr. Alberto Aparici: University of Valencia. "Your research in one minute"
	Plenary Room
16:00	Meet the scientist session "Meet te Pharmacologist"
17:00	Opening ceremony
17:30	Plenary lecture Chas Bountra: Professor of Translational Medicine at the University of Oxford, Chief Scientist of the Genomics Consortium Oxford
18:30	Reception

38th Meeting Sociedad Española de Farmacología

9th Meeting Sociedad Española de Farmacogenética y Farmacogenómica

19th-22nd June 2018, Santiago de Compostela

Invited societies:

Parallel Track 1

Parallel Track 2

Plenary lecture

9:00

“Circadian Rhythm and Molecular Clocks in Pharmacology”
Claudia Cavadas: Assistant Professor at the University of Coimbra

10:00

Coffee break and poster session 1

Plenary roundtable (Open innovation in drug discovery)

T.B.A.

David Smith: Astrazeneca

“AlmirallShare, a crowdsourcing platform to share science and innovation”

Maribel Crespo: Almirall

“Open Innovation. The J&J approach”

Antonio Gómez: Janssen

T.B.A.

María Ángeles Martínez: Eli Lilly

11:00

13:00

Lunch

Pharmacology of cardio-metabolic diseases

T.B.A.

Juan Tamargo: Universidad Complutense de Madrid

T.B.A.

José Ramón González Juanatey: SERGAS

T.B.A.

Antonio Enríquez: CNIC

14:30

Back to the future: 50 years of spanish pharmacology.

T.B.A.

Mercedes Salaices: Independent Advisor

T.B.A.

Antonio Rodríguez Artalejo: Universidad Complutense de Madrid

T.B.A.

Antonio García García: Universidad Autónoma de Madrid

38th Meeting Sociedad Española de Farmacología

9th Meeting Sociedad Española de Farmacogenética y Farmacogenómica

19th-22nd June 2018, Santiago de Compostela

Invited societies:

		<p>T.B.A. Fernando de Andrés Rodríguez: Universidad Complutense de Madrid</p>
16:30	Coffee and posters session 1

9th Meeting Sociedad Española de Farmacogenética y Farmacogenómica

19th-22nd June 2018, Santiago de Compostela

Sociedad Española de Farmacología

ATSEFFGC

Invited societies:

Friday June 22nd 2018

Parallel Track 3: SEFF Meeting

Symposium I: Pharmacogenetic implementation in the Spanish Health System

Part I: Psychiatric diseases

Chairs: *M^a Jesús Arranz*

“Pharmacogenetics in antidepressive treatment”

9:00

Dr. Victor Perez: Department of Psychiatry, Hospital del Mar, Barcelona

“Pharmacogenetics in the treatment with antipsychotics: New challenges”

Dra. Rosa Catalan: Department of Psychiatry, Hospital Clinic, Barcelona

Symposium I: Pharmacogenetic implementation in the Spanish Health System

Part II: Transplantation

Chairs: *Salvador Aliño*

“Pharmacogenetics of transplantation: Clinical implications”

10:00

María José Herrero Cervera: postdoctoral Researcher and professor in Farmacogenetic, IIS La Fe, Hospital La Fe Terapia Génica, Department of Pharmacology UV

“Pharmacogenetic of allogeneic hematopoietic stem cell transplantation in paediatric patients”

Patricia Huez-Diaz Curtis (PhD): CANSEARCH RESEARCH Laboratory Department of Pediatrics Oncology-Hematology Faculty of Medicine University of Geneva

11:00

Coffee break and poster session 3

38th Meeting Sociedad Española de Farmacología

9th Meeting Sociedad Española de Farmacogenética y Farmacogenómica

19th-22nd June 2018, Santiago de Compostela

Invited societies:

Friday June 22nd 2018

Parallel Track 3: SEFF Meeting

Symposium I: Pharmacogenetic implementation in the Spanish Health System

Part III: Cardiovascular diseases

Chairs: *Luis López, Francisco Abad*

”Pharmacogenetics in cardiovascular diseases”

11:30

Alberto Borobia: Hospital Universitario La Paz, IdiPAZ, Madrid

”Application of massive sequencing in cardiology”

Raquel Yotti: Hospital General Universitario Gregorio Marañón, Madrid

Symposium I: Pharmacogenetic implementation in the Spanish Health System

Part IV: Oncology

Chairs: *Anna González-Neira, Cristina Rodríguez-Antona*

“Pharmacogenetic markers for toxicity prediction in oncological treatment”

12:30

Luis Lopez-Tumores: Hospital General Universitario Gregorio Marañón, Madrid

“Marcadores tumorales para predicción de respuesta en oncología”

Ana Patiño: Clínica Universitaria de Navarra.

13:30

Lunch

38th Meeting Sociedad Española de Farmacología

9th Meeting Sociedad Española de Farmacogenética y Farmacogenómica

19th-22nd June 2018, Santiago de Compostela

Invited societies:

Friday June 22nd 2018

Parallel Track 3: SEFF Meeting

Symposium II: Development of quality standards for pharmacogenetic diagnosis in Spain

Chairs: Ángel Carracedo, Miquel Taron

14:30

“Regulatory aspects and review of the technical sheets of medicines with PGx indications”

Adrián Llerena: RIBEF Coordinator. Complejo Hospitalario Universitario de Badajoz - University of Extremadura. Medical Faculty. Badajoz

Symposium II: Development of quality standards for pharmacogenetic diagnosis in Spain

15:00

“Implementation of quality standards for pharmacogenetic diagnosis in Spain: how, when and why?”

Angel Carracedo: University of Santiago de Compostela, Galicia

Symposium II: Development of quality standards for pharmacogenetic diagnosis in Spain

15:45

“Implementation of quality standards for pharmacogenetic diagnosis in Spain: design of the first proficiency testing”

María Isidoro: Molecular Genetics and Pharmacogenetics Unit Department of Clinical Biochemistry University Hospital Salamanca

16:30

Roundtable-discussion

16:45

SEFF Closing Ceremony
